

“NO Child Left Inside”

Legacy Land Trust's new “No Child Left Inside” Environmental Education Program is designed to put the “field” back into field trips! With outdoor activities and learning experiences that stimulate young minds to appreciate nature, the program is helping tomorrow's conservation leaders connect with nature today:

- ❖ *Water studies* ❖ *Forest studies* ❖ *Insect studies* ❖
- ❖ *Birding* ❖ *Learning about Invasives* ❖ *Service Learning Projects* ❖

Have fun conducting scientific studies utilizing:

- ❖ *Data collecting and monitoring concepts*
- ❖ *Microscopes and magnifiers*
- ❖ *Collecting nets and seines*
- ❖ *Measuring equipment and binoculars*
- ❖ *Field Guide books and nature journals*
- ❖ *Flower presses and collecting containers*
- ❖ *GPS units and compasses*

To arrange for your students' visit, contact:
